WELCOME TO CANTERBURY

Canterbury has always been a team player. Since 1904, when we were founded by three friends in New Zealand, to producing uniforms for the ANZAC forces through World War I, to outfitting the All Blacks for over 75 years, we've always believed in the power of the team – that when we work together we can achieve more than we can as individuals.

A tough and uncompromising approach to manufacturing, a creative approach to design and technology, and over a century of on-field testing means Canterbury is perfectly placed to become an essential part of your team. Because we know that every moment you wear the jersey you embody it – that it reflects who you are, who you aspire to be, and those who went before.

Canterbury Teamwear: expertly designed, innovative kit, that will keep you one step ahead of the competition.

TRIED AND TESTED

Canterbury has long understood the need to develop the toughest uniforms and kit imaginable.

Attention to detail paired with rigorous on-field testing, customer and player understanding and the highest level of durable design technologies has made Canterbury synonymous with rugby of all codes.

From birthing the iconic All Blacks kit in 1924 and partnering with England Rugby in 2012 to boasting 21 out of the last 22 State of Origin series winner's hitting the field in Canterbury kit, include 2021 Lions Tour, 2021 Black Caps World Test Championship, there is no denying the brand is entrenched in the history of Rugby Union and League on a global scale.

Strength, passion, trust and resilience are the pillars on which Rugby has been built. They're also proudly engrained in the Canterbury philosophy.

Where tradition meets innovative design – that's when you know it's Canterbury.

YOUR TEAM, **YOUR KIT**

No two teams are the same: the personalities, the friendships, the celebrations. They make your team unique, and everything you do just adds layers to the legend. If you're part of a team, you're part of the family. Teams and clubs across the world rely on Canterbury to get them on the pitch each week, dressed for competition. We produce teamwear you can rely on in the toughest games and through the toughest training sessions, season after season. What's more, with kit designs customised to your team, we'll make sure it's not just your performances that catches people's attention.

SUSTAINABILITY

Sustainable Product...

Our Eco-Sublimation range uses 100% post consumer recycled polyester and is available across Men's, Women's and Juniors.

We use recycled components where available including recycled buttons across our entire made to order teamwear range.

Canterbury prioritizes working with materials suppliers which have accreditations in sustainability, chemicals management and manufacturing.

Sustainable business...

All of our UK Offices use 100% renewable energy including Solar Panels at our Nottingham Office.

We have our own manufacturing in the UK as well as suppliers in Europe and Asia who constantly strive to reduce their environmental footprint.

We are part of the [Sustainable Apparel Coalition \(SAC\)](#) through Pentland Brands.

We work with [Eden Reforestation Projects](#) as part of our Carbon offset initiatives.

Reduced Waste...

Our quality standards mean we assess options before we create products – reducing waste in development. By accepting no less than 4/5 scoring in independent testing, we ensure we only develop on fabrics we know will last in use.

This quality process ensures our products will last longer and be more durable in use – reducing the waste of regular replacement with inferior product quality.

Through our relationship with [In Kind Direct](#) we then also donate excess inventory products to support the charity and its work.

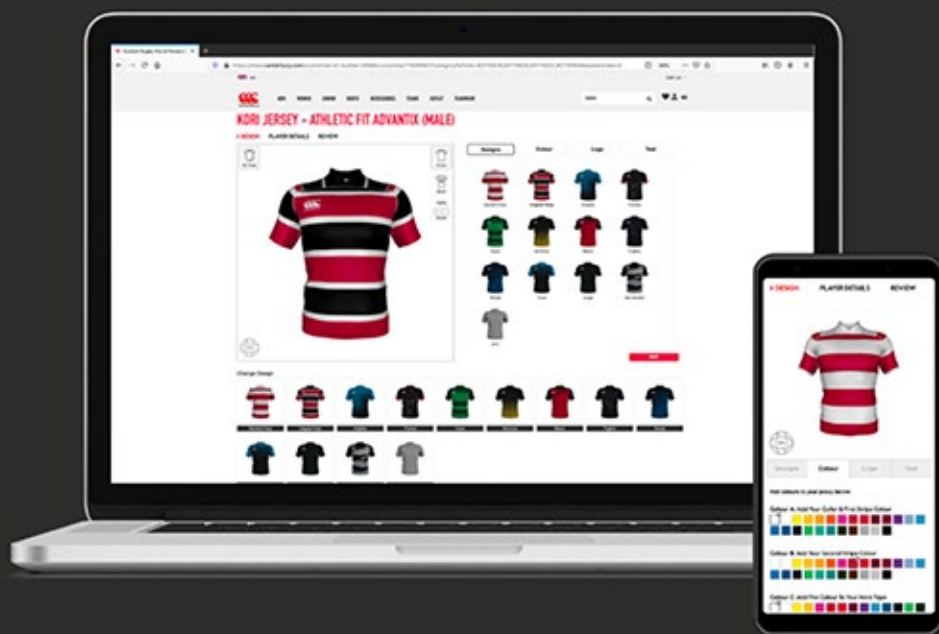

BUILD THE TEAM

CUSTOMISE YOUR CANTERBURY

What if we told you could have your teamwear jersey quicker and faster than ever before? In 2020, Canterbury launched a new online design tool to make designing your team kit as enjoyable as cheering on your favourite sports team. Make sure you scrum down for Canterbury Teamwear with turnaround times faster than a fly half in full flow.

KIT CONSTRUCTION AND MATERIALS

Within our teamwear product ranges and stocked ranges we offer either a sublimated or cut-and-sew option. To help you choose the best option for your team, here's what each means within Canterbury Teamwear:

SUBLIMATION

Great for a crisp, detailed print that stands out on field.

- A type of direct printing on fabric it allows for a more intricate graphic design to be applied to a garment
- Pantone specific colours relevant to your team are available which means a true to colour representation.
- When choosing sublimation for jerseys, team colours are on the outside, whereas the inner is white.

CUT & SEW

Create interest on kit through dynamic panel styling and fabric construction.

- This option allows for more dynamic panelling – creating interest through the way the mesh and non-mesh fabric panels are sewn together.
- Club crests and the Canterbury logos are applied by hardwearing embroidery or printed heat transfers. Available in Canterbury standard colours.
- Fabric colours are the same inside and out.

FIT STYLES

Different teams, different players. Everyone has their own preference for how a jersey fits. To help you choose the best fit for your players, we've provided a guide to help easily identify the options available & the type of fit you can expect.

TEST

- This fit is designed to be worn tight whilst allowing flexibility, movement and comfort

ATHLETIC

IRELAND RUGBY FOOTBALL UNION

For Ireland, identity is everything. A top competitor in Guinness Six Nations, they are proud to boast some of world's most renowned players. For us, they're a perfect example of how a united front is necessary to achieve a common goal. So we worked with them, creating an iconic kit featuring a bold 3D logo, that stands out as much as their players do.

RAIONA
See page 23

THE BRITISH & IRISH LIONS

The Lions are made up of the best players the UK and Ireland have to offer. They've tackled the toughest, proving themselves through their performance. At Canterbury, we know what it takes to remain at the top of the game, so we needed to create a kit that could keep up. By pushing our limits as much as the Lions do, we've improved the design and technology of our fabric so when they go through the mud, sweat and tears, we're with them all the way.

ELITE TEAMS

NEW ZEALAND BLACKCAPS

Arguably the most dynamic and exciting batting team in the world, the BLACKCAPS know a thing or two about courage. With big hitters, fast scorers and a long batting line up, when it comes to their kit, it needs to be as dynamic and persistent as they are. We've packed in the tech, so when the BlackCaps step up to bat, they've got the confidence in our gear (and their game) to come out swinging for sixes.

PERFORMANCE POLO

THE GRASSROOTS

GIO NSW GLADIATORS

The Gladiator's always bring a fighting spirit to the field. Inspired by their ability to go at full force no matter what, we created a kit that's able to adapt to the game just as quickly as they can. We know that every player is different, so we tailor out kits for individual players, because when a Gladiator puts on their uniform, the battle is on.

 **ROYAL
AIR FORCE**

ROYAL AIR FORCE RUGBY UNION

Being in the RAFRU is all about community. Whether they're standing together on the front line or on the front row, their sense of team spirit comes from being more than colleagues, more than friends, they're family. At Canterbury, we know community is key, so we created a kit which could be worn by both our troops in match play and by those who support them. We've incorporated key events in each jersey design, so our kit can be worn with pride both on and off the pitch.

ROYAL NAVY RUGBY UNION

"There is something really special about Inter-Service Rugby - Men and Women, who are prepared to serve their Country and put themselves in harm's way taking centre stage in battle on the pitch. It takes a special person and a special team behind each and every one of them. Part of that team is our kit provider and we are delighted that it is Canterbury."

- Commander Rob O'Kane, Director of Rugby, Royal Navy Rugby Union

"The Royal Navy Women's Rugby squad are delighted to train and play in high performance, durable kit that also looks great."

- Lieutenant Commander Charlotte Fredrickson, Head Coach, Women's SNR XV

"The boys and I love the Canterbury kit, it's high quality and comfort allows us to perform at our best whatever the session or weather. It also allows us to look smart and professional as we strive to achieve our goal – winning the Inter-Service Championship."

- Air Engineering Technician Scott Makepeace,
Royal Navy Rugby Union Men's SNR XV Captain

"I think Canterbury kit leads the way in providing the Royal Navy Rugby Union teams with the highest quality playing kit and off-field clothing."

- Able Seaman Sam Matavesi, Royal Navy Rugby Union, Fiji International and UK Armed Forces Sportsman of the Year 2019

EDUCATION

By creating a bespoke uniform for the school's rugby, netball and hockey teams, we've created a strong identity that shows competitors what the school stands for while giving young athletes the tools they need for success.

MULTI-SPORT PERFORMANCE RANGE

The following pages show a range of Canterbury kits we have developed for use in specific sports as well as for training, coaching or multi-purpose sport.
