Stuart
Surridge

In 1867 Percy Stuart Surridge created a sports brand. He applied the principles of tradition and craft, with the concept of bringing innovation to improve performance, creating product defined by craftsmanship, originality and Britishness.

Today, we are a brand that not only connects with our markets and consumers but keeps with our origins and principle's set over 150 years ago.

Surridge Sport head office, warehousing and production facilities are based in Burnley, Lancashire. The site has in house embroidery, manufacturing, print and embellishment facilities along with a dedicated design and product development team and a fully equipped distribution/customer service team. This allows Surridge the flexibility to manage and service its portfolio of accounts simply and efficiently, maintaining day to day fulfilment of orders as well as looking to make improvements and handle any quick turnaround of kit that may be required. Careful planning with account management shall ensure the organisation's needs will be prepared for in advance and progressed in an organised and agreed fashion.

The company is wholly family owned in the UK and is self-financed operating from our own custom built facilities in Lancashire of 60,000 sq ft. We will be happy to produce copies of our audited accounts to satisfy any due diligence procedures and we formally extend an open invite to any of your personnel to visit us at any time.

Surridge Sport uses factories in the Far-East for production of the proposed range. We have developed strong relationships with the suppliers and have worked with them for many years. We also have employees based in the factories to help manage the supply.

Objective

Surridge Sport aim to supply you with a commercially attractive proposal and a high performance playing and training range at competitive prices. We also guarantee a high level of contract management, quality of product and a seamless transition of supply.

ECO DRI

THIS MATERIAL IS MADE FROM
100% RECYCLED POLYESTER
YARN, PRODUCED FROM
RECYCLED WATER BOTTLES.

THIS PERFORMANCE FABRIC IS
DESIGNED FOR ATHLETES. GARMENTS
MADE WITH VAPADRI™ TECHNOLOGY CAN
HELP THE WEARER STAY "DRI" AND AS
A RESULT CREATE ZERO DISTRACTION,
ALLOWING YOU TO CONCENTRATE 100%
ON THE GAME.

ECODRI is an exclusive range of materials
made with VAPADRI technology for Surridge
Sport and other major sports brands.
EcoDri is a 100% recycled material that is
used in the dye sublimated process for most
playing garments. Surridge Sport can offer
an Eco Dri material for all playing garments.

EcoDri is made from 100% recycled polyester
yarn, produced from water bottles.
This process is managed through our own
research and development with our material
factories in the Far East. All the EcoDri
material is made with VapaDri technology,
meaning that the performance of the
material is still to the highest standards that
we offer. The EcoDri material is still
at a premium in price but we are convinced
that our pricing is still the most competitive
on the market against our competition.

Measurements above are APPROXIMATE Body Sizes (except for Ladies Size Guideline), as individuals shape varies considerably. On these Body Sizes: SLIM items should be a snug fit, REGULAR items a traditional fit, RELAXED items should be a loose fit. Check item specifications for its stated fit before ordering.

Note: If a product does not have a FIT listed, use the REGULAR columns. For the Blade range use Regular fit.

* Take care when using 'Ladies Size' for Unisex garments, as the fit will not be suitable for every body shape.

WASHING INSTRUCTIONS

Surridge Sport garments are manufactured from top quality fabrics. All fabrics & logos undergo stringent quality tests to ensure durability and wash-ability. They will last for many years if properly cared for. When washing garments always refer to the instructions on the garment label.

Playing Kits

First wash - Always wash shirts, shorts and socks inside out & separately to remove surface dye.

Avoid leaving kits folded or bundled together for any length of time whilst damp or soiled. Remove excess mud and wash as soon as possible after use to avoid stains from setting.

Garments may discolour due to staining by substances such as mud, grass, petroleum jelly etc, which may not entirely be removed by washing alone.

Treat stains directly with a stain remover as soon as possible. Take care not to use stain remover on transfers applied to the garment as this may effect the quality of the print. Some of the toughest stains may require more than one treatment.

- Do not over load the washing machine and always wash light and dark colours separately.
- Do not wash above the temperature stated on the garment label. (many items 30°C)
- Do not use fabric softener.
- If the garment can be tumble dried (see care label) always tumble dry cool.
- Never iron printed motifs

Training Wear / Outer Wear

Dirt on outer wear (padded jacket, rain jacket, training jacket) should be wiped off with a damp cloth. These garments do not require regular washing as this will remove the shower proofing.

If necessary wash inside out, no hotter than 30 degrees on a synthetic wash.

- Do not use fabric softener.
- Do not tumble dry.
- Never iron printed motifs.

Surridge Sport does not accept liability for discolouration or damage to garments due to incorrect laundering.
