MOVE TO ZERO

Helping protect the future of sport for all athletes*

Move to Zero is Nike's journey toward zero carbon and zero waste to help protect the future of sport. We exist to serve athletes everywhere and that's why we're on a mission to help ensure a healthy planet. For us, there is no finish line.

Niketeamfootball.com will now display a sunburst logo next to products made with sustainable materials. Look for this logo to find products made with at least 50% sustainable materials by weight, exclusive of trims.

Sustainable materials include recycled polyester or organic cotton. Recycled polyester reduces carbon emissions and waste. Organic cotton is grown without synthetic fertilizers and with less water than conventional cotton.

For more information on Nike Sustainability please visit nike.com/sustainability or purpose.nike.com.

New

DX6821-010
Black / (White)

New

DX6821-100
White / Stone
Mauve / (Black)

Product Features

- 72% Polyester/28% Elastane
- Nike Dri-FIT technology moves sweat away from your skin for quicker evaporation, helping you stay dry and comfortable. It combines with a mesh lining to help keep you cool
- The Swoosh sports bra has long been a partner to your workouts and beyond, but not everyone has the same needs. Looking for minimal coverage and a gentle hold? The Swoosh Light Support is the bra for you. And if you want fuller coverage and more adjustability, the Swoosh High Support is ready to go
- When you're going hard, the bra's lightweight, adaptive fabric feels like a second skin for superior comfort and support. When it's time to rest, it recovers quickly and provides a snug hold and subtle shaping. Super-stretchy fibers make for an easy on/off experience so that you don't have to bend over backward to get out

Product Features

- Polyester 91% / Spandex 9%
- This garment is made with 92% recycled materials
- A thumb loop at the end of the sleeve opening gives the athlete the option to loop over their thumb, for a locked in, secure feeling
- Endure on the body and sleeves is a Dri-Fit circular knit fabric, wicking sweat away from the body, with elastane content to enable stretch for range of motion. A zipper from the neck opening along the shoulder seam keeps the front neck clear of distraction, but still allows for on and off ease

Product Features

- 100% polyester
- The construction of the sleeves contributes to the efficiency of our patterns, reducing material waste
- Elasticized stitching along the bottom hem keeps the jacket closer to body and keep the heat in
- Coral on the body and sleeves is a water repellent woven fabric, to keep you dry, while 200g down fill sheets within the baffles of the jacket keep you warm
- This garment is made with 98% recycled materials
- This style comes with zippered pockets for secure storage
- Inside the sleeve opening is an interior fleece lined cuff to keep athletes warm and comfortable in cold environments
